PROFILE

Student Developer and AI & Technology Enthusiast at SRM University. Interested in building thoughtful web experiences, experimenting with AI, and turning ideas into practical projects.

EDUCATION

SRM University <i>Student Developer / AI & Technology Enthusiast</i> - Cumulative academic performance: 9.65 CGPA - Semester 1: 9.82 SGPA - Semester 2: 9.48 SGPA	India 2nd Year
---	-------------------

SELECTED FOCUS

Active learning orbit , AI and Generative Technology - Exploring AI, machine learning, APIs, and generative AI through experiments and project work. - Building a practical foundation across programming, web development, and technology systems.	Current
Student developer practice , Web Experiences - Working with React, HTML, CSS, Node.js, JavaScript, and TypeScript. - Interested in responsive interfaces, interaction design, and turning ideas into real-world projects.	Current

SKILLS

- Programming:** C, C++, Python, JavaScript, TypeScript
- Web:** React, HTML, CSS, Node.js
- AI / Technology:** AI, Machine Learning, APIs, Generative AI
- Cybersecurity:** Cyber security practical tasks, security fundamentals
- Tools:** Git, GitHub, VS Code, Figma

CERTIFICATIONS AND TRAINING

Forage / Deloitte , Cyber Job Simulation Completed practical tasks in cyber security through the Forage job simulation.	Jun 2026
Certificate of Completion , C Fundamentals Completed the C Fundamentals section; Certification ID: i5IUHu-c-0xW5Z9.	13 Jun 2026
ENDURO in collaboration with IIT Hyderabad , ENDURO Workshop Completed software training and inner personality development workshop; Certificate ID: EN251157.	Aug-Sep 2025

HACKATHONS AND ACHIEVEMENTS

36-hour online hackathon participation , Confluence 1.0 Participated in the Idea Submission track as part of Team Coding dakaits, organized by The Helper.	28-29 Dec 2025
Team Byte brigade , SRMIST Hackathon Participated as a member of Team Byte brigade in the SRMIST Hackathon.	31 Jul-1 Aug 2026
Co-author / contributing author , Published Anthology Contributions - Co-author of "A Happy Little Somewhere," ISBN 978-81-998233-4-1. - Published contributing author in "Love at Minus One," published by Inkfetish Publication.	2026

PORTFOLIO PROJECTS

Portfolio project direction , AI Tutor A learning-system concept for turning complex topics into clear, adaptive learning moments.	Dossier available on portfolio
Portfolio project direction , AI Heritage Archive A cultural-interface concept connecting memory, language, place, and AI-assisted discovery.	Dossier available on portfolio
Interactive web experience , Universe Portfolio A cinematic portfolio system that presents skills, projects, academics, and contact as a navigable universe.	Current
